PREFATORY.

The El Paso Directory Company, true to its promise made in the work of 1888, now presents its second annual edition of El Paso to its patrons and the general public for the year 1889. This task of producing it has been an arduous one, but our citizens and foreign patrons, recognizing the value the last one had been to the city, and those who used its pages, have given us every encouragement and cheerfully rendered such information as makes the present work one which will be even more sought than its predecessor.

It was through the official census of the city, taken in 1888, by the El Paso Directory Company, that El Paso, having attained more than 10,000 population, obtained a new and liberal charter from the state. This called for a new city election and brought about many changes in the municipal administration. In March of this year, just at the time the canvass for names and business was being made, the opposing parties were making a warm struggle to elect their respective tickets, and in order to get the newly elected city government the work of printing had to be deferred until after the election in April. A contest was the result, and a long and exhaustive investigation took place before the city council followed by another election for mayor and one alderman on June 26th; hence the work was delayed until the new city council was sworn in and officially examined and passed upon our census returns and the copy was released.

Our canvass for population shows a total of 11,120 persons, divided as follows:

<table>
<thead>
<tr>
<th>Group</th>
<th>Number</th>
</tr>
</thead>
<tbody>
<tr>
<td>American</td>
<td>8013</td>
</tr>
<tr>
<td>Mexican</td>
<td>2135</td>
</tr>
<tr>
<td>Colored</td>
<td>680</td>
</tr>
<tr>
<td>Chinese</td>
<td>312</td>
</tr>
</tbody>
</table>

The city council delegated City Assessor Merrill to make a complete check of the returns and he discovered a total of 11,000, or 51 less than our figures, which was so close that the original count was deemed correct.

In this census El Paso has much to feel proud of besides her gain in numbers since the previous count. The principal increase has been among the Americans, and we are happy to state that most of the newcomers brought families and have settled permanently, while the single persons are mostly professional men and mechanics, fewer of the non-producing element having found their way here than in former years. Thus we find an increase of youth in the school and church statistics, and the city, with commendable liberality, has built new school houses and employed additional teachers for both the white and colored races, while the religious element has built new and handsome temples of worship to take the place of the old and smaller ones. Charitable ladies have provided a hospital and fund for the care of our needy, in addition to the city hospital. The construction of public and private buildings has been marked, and they are all of the modern and costly character.

There is now in course of erection a costly postoffice, custom house and federal court; a new and elegant city hall, firemen’s hall, gas, electric light, water works, fire alarm system, macadamized streets, sewer system, modern opera house, ample and first-class hotel accommodations, fair grounds, telephone system throughout the city and Juarez on the Mexican side and the telegraph wires through the United States and Mexico hold us in constant communication with the wide world. The citizen finds his daily morning paper, with its press dispatches, markets and current news at home and abroad at his breakfast table, and two evening papers furnish the daily local batch. The city is, under its new charter, enabled to issue bonds, and this involves an era of improvements and general prosperity in the future, so that with this issue we feel that we will have a much broader field for the next one.

We would specially call the attention of those who use this work to the fact that names are compiled according to spelling, and not sound or pronunciation. Smith, Smythe, Schmitt, Schmid, Schmidt; Burns, Byrnes, Birns; Myer, Mayer, Maier; Laughlin, Loughlin; Mc, Mac, etc., sound alike but are spelled differently, and will necessarily be on different pages. Do not blame the publisher for what is a common error of many who use directories.

To the general public we extend our thanks for assistance rendered and patronage bestowed, and promise from year to year to use our utmost efforts to better the character and usefulness of the work, and labor hand in hand with our citizens to keep El Paso ever before the public and make her the model city of health, happiness and progress.

EL PASO STREET GUIDE.

[Owing to the irregularity in direction of many streets and the several additions into which the city is divided. It was not found practicable to arrange the street names alphabetically. The corner of El Paso and San Antonio streets is made a starting point for the main portion of the city, as the person who is not acquainted with location can best trace from those two streets. The abbreviations we use are initials for points of the compass: Avenue ave.; street, st.; addition, ad.; extension, ext.; river, r.; Campbell, Camp.; Cotton, Cot.; Magoffin, Mag.; Morehead, Mor.; Hascett, Has.; Northwest, NW.; Alexander, Alex.; Munday, Munn.; Streets east and west or north and south of initial points may be in this list twice.]

All streets between the Rio Grande river on the west and Cotton avenue on the east, east and west San Antonio on the north, and Rio Grande river on the south, are in the Campbell and Magoffin additions.

El Paso st south, being at Little Plaza, and San Francisco st runs to r.

El Paso st north, begins at Main, runs northwest to Rio Grande st.

San Antonio st east, begins at El Paso, runs east to Cotton avenue.

San Antonio st east, begins at Durango and runs west to r.

Overland st east, first south of San Antonio runs east to Texas and Pacific reservation.

Overland west, first south of San Antonio west from El Paso to r.

Sonora starts west of El Paso between San Antonio and west Overland, runs west to south Chihuahua.

First east begins at Utah two blocks east of El Paso, runs east to Texas & Pacific reservation, second south of San Antonio.

Second runs east from El Paso to Cotton ave, west to r, third south of San Antonio st.

Third, Fourth, Fifth, Sixth, Seventh, Eighth, Ninth, Tenth, Eleventh, Twelfth and Thirteenth streets all run east and west from the river across El Paso street to Cotton avenue, except Twelfth, which begins at El Paso street on river and runs east to Cotton avenue, and Thirteenth from Kansas east to Cotton avenue. They are all one street farther south of San Antonio than their number calls for, in other words, Thirteenth street is the fourteenth s of San Antonio.
