Biography or Historical Sketch

Created by Senate Bill 183, the State School of Mines and Metallurgy was founded in 1913 due to El Pasoans' requests for a school to train mining engineers and metallurgists to help support the local mining and smelting industries. In 1914 the State School of Mines opened on land and buildings east of Ft. Bliss that were formerly occupied by the El Paso Military Institute. As of 2010 UTEP has over 20,000 registered students and is divided into eight colleges: the College of Business, the College of Education, the College of Engineering, the College of Health Sciences, the College of Liberal Arts, the School of Nursing, the College of Science, and the University College.
